

**CITY OF ANAHEIM
MEMBER OF THE CITY COUNCIL**

RICHARD “DICK” LAROCHELLE

AGE: 56

OCCUPATION: Retired Anaheim Code Enforcement Officer
Supervisor

A 50-year resident of Anaheim, for the past 29 years I have worked as an Anaheim Code Enforcement Officer.

In my time working in our neighborhoods, I witnessed the progressive decay and futile efforts by residents to get the City to enhance or maintain neighborhood infrastructure. Sidewalks crumble, signs fade and rust, and streets are rarely resurfaced and painted. Where are the resort-like landscaping plans for your neighborhoods' streets?

With our revenue base - Disneyland, the Resort, Convention Center, Pond, Stadium, Grove, Utility, etc. we should have the nicest neighborhoods in America. We have below average neighborhoods in Orange County!

Anaheim Councils poured millions of dollars into the resort. The resort looks wonderful and generates millions of dollars for the City. Now it is time to pay that same level of attention to the neighborhoods.

Residents have seen little invested back in us - where we live - in our neighborhoods. It's time to take back the City for us residents. I will fight for the neighborhoods at every vote. Neighborhoods Now!

See my detailed plan at www.electlarochelle.org. If you like the plan or are just sick and tired of being ignored, then please, help us all by voting LaRochelle.
